Playsculpture climbslide 5.0

While adults will appreciate «climbslide 5.0» as an aesthetically designed play sculpture, children will see it as a small world full of adventures. Whether in the large or small version, «climbslide 5.0» guarantees not only fun but also encounters and movement.

Design:

All objects originate from a single form – the so-called double helix, the form of the DNA strands of all living things. They thus have an energising and harmonising effect on people and the environment.

Material:

All products are constructed using 100% ecological and sustainable Accoya wood, and have a minimum outdoor life span of 25 years. They are low-maintenance and resistant to vandalism.

Safety:

All objects are manufactured according to European safety standards for playground equipment SN EN 1176.
