moveart playsculptures

### Playsculpture friends

The «friends» offers space for two people to sit. The central backrest supports both users whilst giving the bench a playful appearance that fits seamlessly into existing landscapes.

### Design:

All objects originate from a single form – the so-called double helix, the form of the DNA strands of all living things. They thus have an energising and harmonising effect on people and the environment.

### Material:

All products are constructed using 100% ecological and sustainable Accoya wood, and have a minimum outdoor life span of 25 years. They are low-maintenance and resistant to vandalism.

### Safety:

All objects are manufactured according to European safety standards for playground equipment SN EN 1176.
