Playsculpture simple

The «simple» offers seating for five people or a space for one person on which to lounge. To support the head and elevate the feet, the upper and lower ends are gently tilted upwards. At the same time, the playful design of the bench lends its own charisma but does not disrupt existing landscapes.

Design:

All objects originate from a single form – the so-called double helix, the form of the DNA strands of all living things. They thus have an energising and harmonising effect on people and the environment.

Material:

All products are constructed using 100% ecological and sustainable Accoya wood, and have a minimum outdoor life span of 25 years. They are low-maintenance and resistant to vandalism.

Safety:

All objects are manufactured according to European safety standards for playground equipment SN EN 1176.

Tech. Specifications:

Length: 236 cm
Width: 50 cm
Height: 70 cm
Weight: 85 kg
Freestanding available
Number of foundations: 2
Construction time (approx.):
2 pers. à 1,5 hrs.
